

# WEBER GmbH - Test Center

## We are flexibly accredited...

### ...for the following types of testing:

- ▼ Temperature and climate tests
- ▼ Temperature shock air/air, splash water, immersion
- ▼ Vibration and mechanical shock tests
- ▼ Electrical tests
- ▼ Corrosion tests
- ▼ Chemical resistance tests
- ▼ Dust tests
- ▼ Water tests

### Typical manufacturer instructions in our range of services

- ▼ MBN LV 124-1
- ▼ MBN LV 124-2
- ▼ MBN 10306
- ▼ BMW GS 95024-3-1
- ▼ VW 80000
- ▼ GMW3172
- ▼ FCA CS.00056
- ▼ FCA 9.90111/02
- ▼ etc.

# Temperature & Climate

## Exemplary standards or test procedures covered by accreditation certificate

- ▼ ISO 16750-4
- ▼ DIN EN 60068-2-67
- ▼ DIN EN 60068-2-1
- ▼ DIN EN 60068-2-78
- ▼ DIN EN 60068-2-2
- ▼ BMW PR 303.4
- ▼ DIN EN 60068-2-14
- ▼ VW PV 1200
- ▼ DIN EN 60068-2-30
- ▼ BMW GS 95011-4
- ▼ DIN EN 60068-2-38

# Temperature Shock

Exemplary standards or  
test procedures covered by  
accreditation certificate

**Air / Air**

- ▼ DIN EN 60068-2-14
- ▼ Prüfung Na

**Splash Water // Air / Water**

- ▼ ISO 16750-4
- ▼ LV 124-2

# Vibration- & Mechanical Shock

Exemplary standards or test procedures  
covered by accreditation certificate

- ▼ ISO 16750-3
- ▼ DIN EN 60068-2-64
- ▼ DIN EN 60068-2-6
- ▼ DIN EN 60068-2-80
- ▼ DIN EN 60068-2-27

# Corrosion

Exemplary standards  
or test procedures covered  
by accreditation certificate

- ▼ DIN EN ISO 9227
- ▼ DIN EN 60068-2-52
- ▼ DIN EN 60068-2-11
- ▼ ISO 16750-4

# Dust

Exemplary standards  
or test procedures covered  
by accreditation certificate

- ▾ AKLV 01/07
- ▾ ISO 20653

# Water

Exemplary standards  
or test procedures covered  
by accreditation certificate

- ▾ ISO 20653

# Chemical Resistance

A close-up photograph of three glass beakers on a laboratory bench. The beaker in the foreground contains a red liquid, and a pipette is being used to transfer liquid from it. The other two beakers contain clear liquids. The background is slightly blurred, showing more laboratory equipment.

Exemplary standards  
or test procedures covered  
by accreditation certificate

- ▼ ISO 16750-5

# Electrical Test

A photograph of a technician in a black shirt working at a computer workstation. The workstation includes two monitors displaying data, a keyboard, and a mouse. In the foreground, there is a large piece of electrical test equipment with a red emergency stop button and various ports. The technician is looking at the monitors and has his hand on the mouse.

Exemplary standards  
or test procedures covered  
by accreditation certificate

- ▼ ISO 16750-2
- ▼ VW 80000
- ▼ MBN LV124-1
- ▼ GS 95024-2-1
